Importance: High

Fyi: We need to make sure OW, OFA and us are in the same page regarding the technical issues before 3pm today. Let's send them the technical deficiencies one pager as quickly as possible so we can discuss them.

Sounds good. We will try to get the list in the next few hours. Lets try to schedule the call before Jared and Cynthia's call. Thanks. Angeles

Angeles –

Your folks were going to get us a list of the technical deficiencies following up on a call with OFA

and OW on Friday. We had expected to get it yesterday. We can have a call (and I'd include OW) once we get that to make sure we are all clear on what the technical issues are.

Thanks
Susan
